Safety guidelines during COVID-19 epidemic

With continued COVID epidemic the safety of every participant during the classes and all school events is our top priority. Please find our updated guidelines of how we will operate during our classes.

- School classes will be held at our new facilities provided by Nokia except the few events in public parks
- We recommend wearing facemasks during all of our events.
- We will provide facemasks for people who forgot to bring their own (limited quantity)
- Hand sanitizer is available
- Prepackaged snacks with bottled water will be provided

We wish all children with Finnish heritage (either born in Finland or any generation of immigrants) welcome to join our classes!

This fall semester we will not collect any tuition fees.
