

## Safety guidelines during COVID-19 epidemic

The safety during the classes is our top priority. Please find our guidelines how we will operate during our classes.

- For the time being we will not meet indoors at the school facilities. While some of our teaching takes place online we will also meet at local public parks.
- We will all be wearing facemasks during our events.
- We will provide facemasks for people who forgot to bring their own (limited quantity)
- Hand sanitizer is available
- We will monitor safety distances
- Prepackaged snacks with bottled water will be provided

We wish all children with Finnish heritage (either born in Finland or any generation of immigrants) welcome to join our classes!

This fall semester we will not collect any tuition fees.
